

## XH-B Handheld Jammer

XH-B8 is a high performance Jammer for blocking CDMA/GSM, DCS/PCS, 3G, 4G (LTE), GPS. it is very suited for meeting rooms, conference rooms, trains, bus, gas stations, hospital etc.

### Advantage :

- High-power Multi-band Handheld jammer.
- Antenna can be hidden or exposed.
- Total RF output power up to 6 watt.
- Jam 4 to 8 different Frequencies. Configured to block 8 different frequency bands continuously or simultaneously including; CDMA/GSM, DCS/PCS, 3G, 4G (LTE), GPS .
- Internal battery, recharged by a DC charger. Could use in vehicle directly with car charger.
- Separate switch for each band, accompanied with LED.
- Inside cooling fans and heat sink for continuously operation.
- battery level status display on the control panel
- Rainproof and dustproof.

**Jamming Range:** 5-20 m ( by your background signal strength)

**Power supply:** AC 110-240v , 12v Built-in Battery: 3000 mA/h

**Weight:** 0.8 kg
